
Gallup Student Poll Webinar Series

Gallup has developed a Webinar series to communicate information about the Gallup Student Poll to educators and community leaders. The Webinars are free and are offered throughout the polling period. To register for a free Webinar, visit the Gallup Student Poll Web site at www.gallupstudentpoll.com. Space is limited for each session.

GSP 101—Understanding the Gallup Student Poll: Measuring the Hope, Engagement, and Well-Being of America's Students

This Webinar reviews the mission, scope, and methodology of the Gallup Student Poll.

GSP 102—Registering for the Gallup Student Poll

This Webinar covers the process for registering a district or school for the Gallup Student Poll. District or school survey project leaders will learn how to invite other account users, choose administration dates, and access the survey online.

GSP 201—Administering the Gallup Student Poll

This Webinar reviews how to access the Gallup Student Poll on the Web site and provides survey instructions for administrators. The Webinar also provides best practice tips for polling eligible students, including how to schedule students to take the survey and how to assist students who have difficulty reading or understanding items.

GSP 301—Gallup Student Poll: Understanding the Data and the Scorecard

This Webinar provides explanation and definition for all data points reported on the Gallup Student Poll scorecard.
